

Workshop on High Performance, Fault Adaptive Large Scale Real-Time Systems

Vanderbilt University  Nov. 14–15, 2002

Welcome!

**Paul Sheldon
Physics & Astronomy**

Why is a *Physicist* welcoming you to a workshop on Fault Adaptive Large Scale Systems?

Growing, diverse community with:

- *challenging apps*
- *\$ for hardware*

Who need access to:

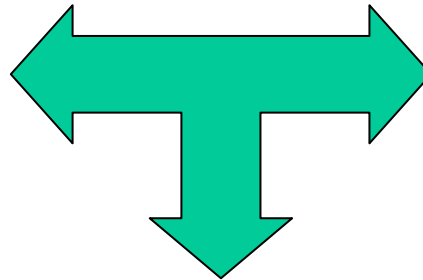

- *expertise, tools and methods*

Growing, diverse Community with:

- *great expertise*
- *tools and methods*

Who would like access to:

- *real applications and hardware*

Lets work together !!!

This is the first in what will be a series of such workshops...

- ***Foster collaboration and synergy:***

Apppliers ↔ Experts

- ***A model for progress in this field?***

A few introductions...

- *Conference Secretary*
- *Updating/submitting your talk*
